

Agaripaizashi Utaki

Hello. Today, I will show you Agaripaizashi Utaki. This is Agar place called Utaki (On) that the islanders cherish very much.

Tourists often don't realize it, but the islanders cherish this plac is that there is an old tale about how the island was created.

Once upon a time, there was a god named Seimei who was ordered by God to create an island where humans co-uld live. Taketomi Island was created by collecting stones and sand.It is said that this is the place where Taketomi Island began. However,although it is said to be an old tale, it does not seem to be false. Can you see the rock of you? If you look at the place where this rock is located from above,you can see that this rock is in the center of Taketomi Island. Taketomi Island may have been created this rock, as in the old tale.

Taketomi Island has many sanctuaries called Utaki(on).Tourists can enter Please be careful and enjoy your sightseeing in Taketomi Island.
